

Case Report Conditions | optional

In addition to the general conditions, I herewith agree with the participation in the case report contest and being contacted for such purpose as explained below.

- Bentley offers the submitter the opportunity to participate in a case report contest whereby all case reports provided to Bentley and released by the submitter will be provided to the EVC (<https://vascular-course.com/>) on an anonymized basis. The submitter agrees to the disclosure of its data and case report to the EVC organization.
- The EVC board will evaluate the case reports and choose the most outrageous out of all case reports submitted and will inform Bentley respectively.
- Bentley will then disclose to EVC the name of the submitter winning the contest who will then be informed by EVC in its own responsibility.
- There is no legal entitlement to the prize.
- Deadline for submission is the 31st of December of every respective year.

The Award

- The winner will be invited to the next annual EVC course. Exact time and place of such course will be communicated to the winner as soon as possible.
- The award covers travel expenses, accommodation and EVC participant registration, based on the conditions of EVC.
- The winner has the possibility to present and discuss the submitted case with an EVC faculty member in front of an audience within the EVC program.
